

ADMIT GEN. TREVINO MAY HAVE WITHDRAWN

High Carranza Officials State
Reports May Be True

Nothing Definite Made Known as to
Fate of Chihuahua City Garrison
or Americans in City—Report Tre-
vino's Ammunition Supply Ex-
hausted.

Juarez, Mex., Nov. 28.—Another day of suspense passed today without anything definite being announced as to the fate of the Carranza garrison in Chihuahua City. It has now been six days since the first skirmishing started, which opened the siege of the state capital and three days since the telegraph line was cut. Since early today persistent reports have been in circulation here and in El Paso to the effect that General Trevino has been forced to abandon the state capital because his ammunition supply was exhausted. One report stated General Trevino had gone south toward Taplaopa, near Chihuahua City, where he made his last stand yesterday before retiring further south. Other reports say his forces have been divided a part going south to join General Murguía's advancing columns and the other moving north to Suaz a station north of the city.

High Carranza officials as well as officers of General Gonzales' staff admitted that these reports might be true late today and said it was possible that General Trevino had been forced to withdraw temporarily until General Murguía arrived with fresh troops and ammunition supplies.

Reports that refugees, including Americans and other foreigners had reached Terrazas today and also that General Carlos Ozuna had arrived with remnants of his cavalry column were received here but could not be verified.

Report Villa in City.

El Paso, Nov. 28.—Government officials here declared tonight they had received information which convinced them Villa was in Chihuahua City. It was also known official reports to this effect had been sent to Washington substantiating messages sent early in the day reporting Villa in possession of the city and Trevino in flight. One government source gave out a report tonight that Villa had ordered all of the foreign residents of Chihuahua to leave on a special train for the border, but this report lacked verification.

Another report was that Villa had captured a car of ammunition which had been sent from Juarez to General Trevino and had sent General Gonzales a message thanking him for the ammunition.

May Bring Pressure on Carranza.

Washington, Nov. 28.—Heavy expenditure of ammunition by General Trevino in his desperate fight with Villa at Chihuahua is expected here to result in strong pressure upon Carranza for prompt ratification of the protocol signed at Atlantic City by the Mexican-American commission. Although no representation was made by the Mexican members looking to a lifting of the embargo on arms and ammunition there were reports that consideration would be given such representation if Carranza displayed willingness to enter into an agreement whose basic principle would be the protection of the life and property of foreigners in Mexico.

Carranza's spokesman informed the American commissioners some weeks ago that scarcity of ammunition was hampering their government's campaign against the many rebel bands, and advices to both the state and war departments since the beginning of Villa's latest campaign have emphasized General Trevino's shortage of ammunition.

Alberto J. Tani, the Mexican commissioner designated to place before Carranza the protocol signed at Atlantic City, is expected to arrive at Queretaro where the first chief has established his capital late tomorrow night.

Administration officials do not minimize the importance of Villa's renewed strength, but few believe it will assume such proportions as to alter the plan of the United States government to continue its efforts to bind Carranza to an agreement, looking to the protection of foreign interests.

ASSESSED VALUE OF PROPERTY INCREASES

SPRINGFIELD, Ill., Nov. 28.—The total assessed equalized value of all property in Illinois is \$2,702,042,409, an increase of \$212,600,520 over last year, according to reports of committees presented at the final meeting of the state board of equalization here today. The board adjourned after filing its report with the state auditor.

The assessed value this year is one-third of the actual value.

The following are the assessed valuations of certain classes of property: Lands, \$698,234,500, an increase of \$1,378,308; town and city lots, \$1,250,285,840, an increase of \$207,420,276; personal property, \$508,954,970, an increase of \$1,134,621.

The assessment of railroads and corporations, on full value, have been increased nearly \$30,000,000 in the last four years, the report shows.

SENTENCE YOUTHS TO DEATH.

ST. LOUIS, Mo., Nov. 28.—Roy Joe Lewis, 21 years old, and his brother, Ora Otis Lewis, 19, were convicted of first degree murder by a jury in Judge Grimm's court of criminal correction here tonight and assessed the death penalty. The trial was for the slaying of Policeman John McKenna on April 7th, last. The jury deliberated less than four hours.

WANTS UNIVERSAL MILITARY TRAINING

Senator Chamberlain Will Push Vigorously His Bill for Such Training Introduced Last Year.

Washington, Nov. 28.—Universal military training in some form as the solution of the recruiting problem for the army and navy will be placed formally before congress during the coming session, if Chairman Chamberlain of the senate military committee is successful in carrying out his announced program. On his return to Washington today Senator Chamberlain said he would press vigorously his own bill for such training introduced last year. It is now before his committee, which is expected to approve a modified form of the plan, although the senate itself is not likely to act at this session.

Senator Chamberlain said the virtual impossibility of recruiting the army up to the peace strength authorized in the national defense act already had been demonstrated.

The Chamberlain bill would require military training of all boys between 12 and 23 years old except those specially exempted. The active division composed of those between 18 and 23 years would be known as the citizen army and the younger corps as the citizen cadet corps.

Senator Chamberlain said the bill probably would be radically changed in committee and its provisions greatly simplified in order to make it more workable.

U. S. CONSUL REPORTS ON SINKING OF CHEMUNG

Case Appears Similar to Destruction of Ship Frye

All on Board Landed Safely—Case Not Regarded as Alarming as There Was No Apparent Violation of Germany's Pledges.

WASHINGTON, D. C., Nov. 28.—Official report on the destruction of the American steamer Chemung by a German submarine was received by the state department late today from the American consul at Valencia, Spain. He said that all on board had been landed safely. The case appears to be similar to the destruction of the American ship William P. Frye and the Leelanaw, both carrying contraband, damages for which are to be awarded by diplomatic negotiations. As there was no loss of life nor apparent violation of Germany's pledges the case is not regarded as alarming.

Chemung Built in Buffalo.

NEW YORK, Nov. 28.—The Chemung, which was built in Buffalo in 1888, was a sister ship of the Owego and both were employed in the Great Lakes trade at one time. They were fitted with triple expansion engines and were the forerunners of this type of vessel, both for the navy and the merchant marine. In the latter eighties they plied between Chicago and Buffalo, making about 18 knots an hour, which was then considered as setting a record for speed. She was 327 feet long and of 3,052 gross tons. She sailed from New York on Nov. 24th for Naples and Genoa.

TWO ZEPPELINS ARE DESTROYED IN RAID.

LONDON, Nov. 28.—The destruction of two of the Zeppelins that participated in last night's air raid caused great enthusiasm in the northeast coast towns which had suffered so often in previous air raids. This morning the naval airman who arrived to report the success of the British in their fight against the airship which was making her way home when she was brought down, was given a tremendous ovation by the townspeople.

Regarding the report that the Germans used an airplane disguised as British or one captured from the British for today's raid on London, a member of the government said in the house of commons that he had no information on this subject.

The report in London.—According to an official statement issued this evening the police reports show that nine persons were injured in the airplane raid on London.

GOVERNMENT RESTS IN WATSON CASE.

AUGUSTA, Ga., Nov. 28.—The government late today rested its case against Thomas E. Watson, the Georgia editor, on trial in federal court here, charged with sending obscene matter thru the mails in articles in his periodicals attacking the Roman Catholic church.

During the day Watson, acting as his own lawyer, had several heated controversies with opposing counsel, declared he was being submitted to infamous persecution, and admonished by the court that he must control himself.

He repeatedly charged that the church he attacked was behind the prosecution.

WILSON WILL ATTEND MASS.

Washington, Nov. 28.—President Wilson will attend pontifical high mass to be celebrated tomorrow at St. Patrick's Church here by Cardinal Gibbons in memory of the late Emperor Francis Joseph of Austria-Hungary. Secretary Lansing and members of the diplomatic corps not connected with the entente allies also will attend.

ORGANIZE DRY FEDERATION.

Indianapolis, Ind., Nov. 28.—The Indiana Dry Federation was organized today by representatives of several civic societies for the purpose of urging the passage of a statewide prohibition law by the general assembly in January.

BEGIN FIGHT TO REDUCE HIGH COST OF LIVING

Thousands of New York and Chicago Women Boycott Eggs

National Housewives' League Appeals to Wilson for Regulation of Country Food Supply—Turkeys Drop From Four to Five Cents a Pound in New York.

New York, Nov. 28.—New York City's fight to reduce the high cost of living began in earnest today with a boycott on eggs by thousands of housewives. This was followed by a direct appeal by the National Housewives' League to President Wilson for the regulation of the country's food supply, and meetings of federal, state and city officials and various civic organizations on resolutions were adopted looking to a speedy readjustment of conditions. Coincidental with the egg boycott, there was a break in the poultry market, the price of turkeys dropping from four to five cents a pound.

Virtually every branch of the municipal government was at work today in an endeavor to find a solution to the food problem. A statement issued by Israel Feinberg, President of the Board of Coroners declared that the "present high cost of living is directly reflected to an increase in the number of suicides, deaths from lack of proper nourishment, and birth control."

The culminating feature of the day's activities was the passage by the board of aldermen of a resolution providing that the committee on general welfare be directed to report as early as possible, "a practical plan for investigating such legislation or taking such steps as may be best calculated to remedy the evil."

Co-operating with commissioners of weights and measures Hartigan in extending the boycott on eggs, he said tonight, were 700 motion picture theaters in the greater city. These houses will, until further notice display a boycott notice on their screens.

Chicago, Nov. 28.—Headed by the Women's City Club and the Chicago Political Equality Society, members of several service organizations and women's clubs today were cooperating in an attempt to check soaring food prices.

The Women's City Club and the Chicago Political Equality League are centering their efforts on an egg boycott. Members of the former have pledged themselves to refrain from the use of eggs as long as the present high prices continue and members of the latter have adopted a resolution to boycott them for four weeks and to appoint a committee to investigate the possibility of legislative action.

In addition, five measures designed to curb the advancing cost of living were introduced in the city council. These passed included one directing the mayor to appoint a committee of nine aldermen to investigate the advisability of establishing a municipal coal and wood yard and another calling upon the Interstate Commerce Commission to investigate whether coal is duly held for reconsignment in the railway yards.

Many Turkeys Still Unsold.

Pittsburgh, Pa., Nov. 28.—Following refusal of buyers here to purchase turkeys at high prices many thousands of the fowls were still unsold today and the quotations are likely to take another tumble during the day.

Some dealers here expect the price for dressed turkeys will quickly drop from 40 cents a pound to about 35 cents.

SAW MYSTERIOUS MAN ON NIGHT OF MURDERS

RED OAK, Iowa, Nov. 28.—H. A. Glackmeyer, former superintendent of Villages, Iowa, schools, on the stand for the prosecution in the \$60,000 libel suit of former state Senator F. F. Jones, against J. N. Wilkerson, detective of Kansas City charged with libeling Jones by circulation of rumors connecting him with the murder of the eight members of the Moore family in Villages in 1912, testified that on the night of the murders he saw a mysterious man making his way stealthily toward the Moore home. The stranger, he testified, peered into the windows of the A. V. Jones home, next door to Glackmeyer, then saw Glackmeyer sitting on the porch of his home and disappeared in the shadow.

INCREASE CLOTHING WORKERS WAGES

NEW YORK, Nov. 28.—An increase of pay of from 35 to 40 per cent to meet the increased cost of living will be given the 32,000 employees of members of the American Clothing Manufacturers' association, beginning December 1st, it was announced here tonight. The advance will represent an increase in wages of \$8,000,000 a year.

The increase will be given to all employees, regardless of whether they are affiliated with the union, according to a statement made by Herbert C. Ansorge, president of the association. Slightly more than half of the persons employed in the men's clothing trade in New York will be affected. About three-fourths are men and the remainder women.

MUST SEND BREAD TO DEPORTED BELGIANS

Paris, Nov. 28.—Owing to reports from deported Belgian civilians now in Germany says a Havas despatch from Havre the Belgian government has been compelled to arrange for the sending of bread rations to their deported fellow countrymen. A despatch of 12,000 rations to the internment camps at Soldau, East Prussia. In the meantime a committee for the relief of deported Belgians is being formed at Ghent.

RAILROADS TO HELP RELIEVE SHORTAGE.

Roads of Northwest Will Put About 16,500 Ore Cars in the Coal Carrying Service.

Washington, Nov. 28.—Railroads of the northwest have agreed to aid the campaign for relief of the country-wide coal shortage by putting about 16,500 of their ore cars in the coal carrying service. This was announced here tonight by the American Railways association committee's report on coal efficiency.

During the day the committee announced that all roads having on their lines more box cars than they themselves own had been ordered to move the excess, loaded or empty, toward lines which have fewer cars than they own.

The committee made public a statement of box car locations on November 1st, showing large excesses on some roads and deficiencies on others. The Pennsylvania headed the list of the former with 39,963 more cars than it owns.

Of the roads holding fewer cars than they own, the Grand Trunk Pacific was first with a deficiency of 7,670; Seaboard Air Line was short 7,088; Illinois Central 7,038.

FIND SIX NEW CASES OF INFECTED CATTLE

Animals Have Been in Kansas City Yards Two Weeks

Dr. Fleming Hesitates to Diagnose Disease as Foot and Mouth Disease Until Further Developments—Take Precautions Against Spread.

Kansas City, Mo., Nov. 28.—Six new cases of infected cattle were found in the Kansas City stock yards today, Dr. James Fleming, head of the local bureau of the United States bureau of animal industry announced tonight. Effects of the inoculation of healthy cattle with the virus taken from cattle in the months of which lesions similar to those developing in cases of foot and mouth disease have been found still was being awaited, he said.

The diseased cattle found today have been in the Kansas City stock yards for two weeks or more and it has not been possible to trace their origin. While the lesions are somewhat similar to those found in true cases of foot and mouth disease, Dr. Fleming said he would hesitate to diagnose the disease as foot and mouth disease until further developments.

Precautions against spread of any infectious disease were taken at the stock yards today.

Orders Quarantine at Fort Worth.

Fort Worth, Texas, Nov. 28.—Quarantine against the importation into Texas of livestock or the hides of livestock from Missouri, Kansas, Nebraska and Illinois was ordered here today by the state livestock sanitary commission, effective tomorrow.

Await Outcome of Diagnosis.

Chicago, Nov. 28.—Facing the prospects of a severe quarantine livestock men here awaited with some anxiety today the outcome of the federal diagnosis of suspected herds in Missouri, Kansas and Nebraska.

Meanwhile, authorities here announced that the precautionary measures taken by Dr. O. E. Dyson, state veterinarian of Illinois, prohibiting the shipment to the stock yards at Chicago and East St. Louis, and except for immediate slaughter, of any cattle, swine or sheep, from western states will not be rescinded until the probable danger of infection is thought past.

Dr. O. E. Dyson, state veterinarian said today that he would come to this city from Springfield to take charge of the situation.

Dr. Dyson said that he favors uniform quarantine areas, say of three or four miles around the infected herd, rather than placing an entire county under restrictions.

Places Embargo on Peoria.

Peoria, Ill., Nov. 28.—Acting on instructions from Dr. O. E. Dyson, state veterinarian, an embargo on all shipments of livestock except for immediate slaughter, was put into effect at the Union Stock Yards here today. The stock yards management announced the step was taken as a precautionary measure.

Taking Every Precaution.

Washington, Nov. 28.—Until the nature of the disease found in cattle at Kansas City is fully determined the department of agriculture is taking every precaution, it was announced today, to prevent its spread.

"Inspectors are in charge of every point in which the cattle are known to have been unloaded," says an official announcement. "The cars in which they have been shipped were being traced for disinfection. The livestock authorities of the state of Nebraska have imposed a local quarantine in the area where the suspected shipment originated, and the authorities have taken similar action in the region about Tescott, Kans., to which place some of the affected animals had been trans-shipped."

ADVOCATES COMPULSORY MILITARY TRAINING

Chicago, Nov. 28.—Rear Admiral C. B. T. Moore, retired, addressing members of the Hamilton club here today advocated compulsory military training, urging it in the interests of efficiency, economy, preparedness and the general public need.

W. H. GOSTLIN DIES.

CHICAGO, Nov. 28.—W. H. Gostlin, pioneer resident of Hammond, Ind., former state senator in the legislature of Indiana, and postmaster for eight years, died at Hammond today. He was 63 years old.

TEUTONIC ALLIES NEARER BUCHAREST

Still Progressing from North, West, South and Southwest

Operations in Macedonia Somewhat Broadened—Only Bombardments Take Place in France and Austro-Italian Theatre.

BULLETIN.

PARIS, Nov. 28.—The Roumanian government and diplomatic authorities have left Bucharest and gone to Jassy, according to a Havas despatch from Bucharest. Jassy lies about 200 miles northeast of Bucharest near the Russian frontier.

The operations of the Teutonic allies in Roumania have brought them appreciably nearer Bucharest and they still are progressing from the north and west and the south and southwest.

On the northern bank of the Danube in Roumania, extending west from Giurgiu on the railroad south of Bucharest to opposite Vidin a short distance from the Serbian border now is in the hands of the forces of the central powers.

The occupation of Giurgiu brings the line of Field Marshal Von Mackensen to within thirty seven miles of Bucharest on the south while the capture of Curtea de Arges, eighty miles west of the capital evidently has cleared the Toplog sector of Roumanians and given the invaders the railroad to the important town of Pitesti, the junction on the line running from Campulung to Bucharest.

In the center the Teutonic allies are still driving eastward having left the Alt valley in their rear. An unofficial despatch from Bucharest says the retirement of the Roumanians is proceeding in perfect order toward a new front already settled on for defense.

The operation in Macedonia is somewhat broadened. Berlin says that north of Monastir renewed attacks by the entente allies failed, but in fighting along the entire front while the Serbian war office claims that the Serbs at several points made advances of several hundred meters. Sofia on the other hand asserts that attacks on Hill 1,005 and the village of Paralova were put down by the Bulgarians and Germans, as likewise was a British offensive in the Vardar region south of the village of Bogoroditsa.

On the front in France and in the Austro-Italian theatre nothing but bombardments have taken place. Artillery duels have been in progress. South of Divink on the Russian front considerable activity also has developed in the region of Riga.

In the carpathians the Russians have begun another attack against the Austro-Germans and fighting now is proceeding there.

Petrograd admits that the Turks have occupied the towns of Adramed and Koshisnagly, south of Van, Turkish Armenia. The American steamer Chemung has sunk in the Mediterranean off the coast of Spain, by a German submarine. The crew was landed. Eight other vessels, two each flying the British, French, Greek and Norwegian flags have been sunk, either by mines or torpedoes. Their total tonnage was about 20,000. In addition the Danish Steamer Villemoes has been captured by the Germans.

Two more Zeppelins, which were raiding northeast England, have been brought down in flames by anti-aircraft guns. The crews of both airships perished. A German airplane has dropped bombs on London. Nine persons were injured. The material damage was slight.

WILL FIRMLY ADHERE TO TERMS OF ULTIMATUM.

LONDON, Nov. 28.—Vice-Admiral Dufourne, commander of the entente allied squadron in Grecian waters, informed King Constantine in an audience given him on Monday that he would firmly adhere to the terms of his ultimatum, say an Athens despatch to the Exchange Telegraph company.

The ultimatum to Greece requires the delivery to entente allies of Greek arms and cannon within a period ranging from two days to a week.

OPPOSE READJUSTMENT OF DEMURRAGE CHARGES

CHICAGO, Nov. 28.—Coal dealers here today before the state utilities commission opposed any readjustment of demurrage charges or interference with the reconsignment privilege suggested by coal carrying roads as a means of relieving the shortage in coal cars.

The commission continued its hearings until tomorrow morning but announced that the hearings would be terminated and a final order issued by tomorrow night.

H. W. Gallagher of the Chicago & Alton road spent most of the day testifying to the need for vigorous action to force the prompt return of coal cars to their owners.

"For six weeks up to this week, there have been from 250 to 400 cars of coal a day waiting reconsignment in our yards," he said. He denied that the congestion was due to an embargo put by the Chicago & Alton on shipments to Michigan.

TRAIN HITS AUTO;

TWO ARE KILLED

MOUNT CARROLL, Ill., Nov. 28.—The Rev. W. E. Wredey and Mrs. Dana L. Fulrath, both of Chicago, were killed near here early today when a motor car in which they were riding was struck by a freight train. Bert Schmaeling, Mrs. Fulrath's son, was dangerously injured. Mr. Wredey was connected with the Illinois Children's Home and Aid Society.

WANTS RESTRICTED QUARANTINE AREAS

Dr. Dyson Will Recommend Step to United States Livestock Sanitary Association Convention.

Springfield, Ill., Nov. 28.—Restricted uniform quarantine areas in cases of epidemics among live stock, will be recommended to the United States Live Stock Sanitary association convention in Chicago Dec. 5-7 by Dr. O. E. Dyson, state veterinarian here stated here today.

Dr. Dyson's theory of quarantine is that when an epidemic breaks out, like the foot and mouth disease of 1914 and 1915, an area within a radius of three to five miles of the infected farm should be quarantined and not the entire county in which the farm is located.

This question brought considerable trouble in the foot and mouth epidemic. In some cases entire counties were placed under the ban when the infection existed only in one corner, while counties adjoining went free. Many counties complained because of this.

Dr. Dyson stated he desired to see the association adopt some uniform system of quarantine for the entire country. He said he was not particular whether the quarantine was placed at five or ten miles from the infected farm, so long as some definite, standard rule is adopted. He will urge the five mile rule.

The association was formed for the promotion of live stock sanitation. Recent epidemics and their prevention will be the central topic for consideration. The sessions will be held at the La Salle hotel.

TURKEY RESCINDS ITS PREVIOUS AGREEMENT

Will Not Allow Americans to Leave Turkish Empire

Diplomacy Seems to Have Been Exhausted in the Situation—Not Known What Action Will Be Taken to Bring Turkey to Terms.

WASHINGTON, Nov. 28.—Word that the Turkish government had rescinded its previous agreement to allow several hundred Americans to leave the Turkish empire via Jaffa reached the state department today from Ambassador Elkus.

Diplomacy seems to have been exhausted in the situation and it is not known what action may be taken in an effort to bring Turkey to terms. The practical internment of the Americans is a source of anxiety to their friends and indignation to the government. It is said to be a situation requiring most delicate handling.

The exact number of persons affected can not be learned, owing to the fact that direct communication with shore is not permitted.

The American cruiser Des Moines, now at Alexandria, is due shortly at Jaffa, where, after unloading Red Cross supplies, she had been expected to take on the refugees. It is understood now, however, that officers from the vessel will not even be allowed to land to investigate conditions.

ASSISTANT BURLINGTON VICE-PRESIDENT DIES.

P. H. Morrissey Expires After Prolonged Illness—Formerly Head of Brotherhood of Railway Trainmen

Galesburg, Ill., Nov. 28.—P. H. Morrissey, assistant to the vice-president of the Chicago, Burlington & Quincy railroad, and former head of the Brotherhood of Railway Trainmen, died at his home here today after a prolonged illness. The funeral will be held here next Thursday.

Patrick H. Morrissey, born in 1862 at Bloomington, Ill., was the son of a railroad section foreman. He was educated in the public schools of that city. Upon graduation he became a call boy in the locomotive shops of the Chicago and Alton and in 1878 a passenger brakeman. In 1890 he quit the railroad to become vice grand master of the Brotherhood of Railway Trainmen. Five years later he became grand master, and was one of the best known labor leaders in the country.

Mr. Morrissey was one of the first to urge the plan of conducting labor negotiations by groups, and he always insisted on the inviolability of agreements entered into with the railroad. He was prominent as an advocate of the Erdman Act and represented the employees in scores of wage conferences.

In 1909 Mr. Morrissey became president of the American Railroad and Investors' association formed to check legislation hostile to railroads and to bring about closer relations between the roads and their employees. The organization disbanded in 1913 and Mr. Morrissey entered the employ of the Chicago, Burlington & Quincy as assistant to H. E. Byram, vice-president in charge of operation.

CHARITY CASES INCREASE.

PITTSBURGH, Pa., Nov. 28.—Acute poverty due to inability to obtain work disappeared from Pittsburgh one year ago, but the prosperous condition of business in this district has resulted in a decided increase in the number of charity cases, resulting from the use of alcoholic drinks and the desertion of families, according to the annual report of the Associated Charities, just made public.

CHICAGO FUNDS LOW.

CHICAGO, Nov. 28.—The treasury of the city of Chicago is so nearly bare that Comptroller Pike today department heads asking what reductions in personnel were possible. The head of the board on local improvements reported that unless aid was forthcoming from somewhere he would have to close his office.

NEW REPRESENTATIONS TO BE MADE TO GERMANY

U. S. To Take Up Matter of Deportation of Belgians

What Form Representations Will Take Has Not Been Determined. Gerard and Col. House Talk Over Plight of Belgians.

WASHINGTON, Nov. 28.—New representations are about to be made to the German government by the United States concerning the deportation of Belgian civilians for labor in Germany. What form they shall take has not been determined, but it became known tonight that the administration is seriously exercised over the matter and is preparing for its next step with great deliberation hoping to make it effective without straining the relations between the two countries.

The foreign office, in a note now on its way to Washington, replied that deportation of the Belgians was a military necessity and was being carried on in accordance with international law governing the treatment of populations in conquered territory.

The charge's preliminary report, the latest appeal for aid from the Belgian government and other information in the hands of the state department were discussed at today's cabinet meeting and Secretary Lansing remained with the president for nearly half an hour after the other members left.

Ambassador Gerard, here for final conferences before returning to Berlin, and Col. E. M. House also talked over the plight of the Belgians during visits to the White House and the state department. It was said later that this situation had made such a profound impression that for the present at least it had displaced in interest the submarine issue.

Ambassador Gerard did not see the president, but at Mr. Wilson's request deferred his plan to leave for New York and will see him tomorrow. Regardless of whether it is decided to instruct Charge Grew to act further immediately in the Belgian matter, the ambassador will be given the president's personal view on the subject as well as concerning the latest developments in submarine warfare.

State department officials admit that the government is proceeding with the greatest difficulty in endeavoring to help the unfortunate Belgians. They say that virtually the only basis for representations is the broad ground of humanity and that it is almost impossible to establish an incontrovertible statement of the facts in the case. The refusal of the British government to grant safe conduct to Count Tarnowski, the new Austro-Hungarian ambassador to the United States, was also brought up at today's cabinet meeting and dissatisfaction was generally expressed. Any step that may be taken by the United States will be delayed until full consideration has been given the British note on the subject.

Count Von Bernstorff, the German ambassador, today had no information from his government regarding the sinking of the steamship Marina with loss of American life, but he was interested in news dispatches from Berlin, published recently, intimating that the vessel had been torpedoed in mistake for a transport and that Germany would offer full reparation.

The embassy is confident that if the Marina was illegally torpedoed steps necessary to satisfy the United States quickly would be taken. The same view is held regarding the case of the P. and O. liner, Arabia, sunk in the Mediterranean.

Life's Sudden Changes.

Life's scenes change quickly. An advertisement this week in referring to the coming issue of "The Country Side" lists Jack London among contributing writers. It says, "He describes the work he is doing on his California farm." The lines are hardly from the press, but they came after Jack London's funeral pyre had burned and his ashes were scattered on the California plains that he loved so well. It just serves to show that life is a pretty serious sort of proposition and we had just as well make the most of it, for "Only the present is our own and as we speak we cease from its possession."

Direct to Consumer Plan.

As predicted a municipal market has arrived as a panacea for hard times. In this instance, however, the market which is to be opened at Evansville, Ind., is not to be a place where producers are to gather and sell their wares, but the city itself proposes to go into business. Coal, groceries and meats will be purchased in wholesale lots and then disposed of at cost to consumers. This will be an effective way of lowering prices to consumers, but will not be likely to meet with the hearty approval of the merchants of Evansville.

Food Boycott.

In New York they are about to adopt in a more organized way the plan followed a few years ago by women of Chicago who stopped using eggs and thus brought down the price. The New York egg boycott has been proposed by Mayor Burns of Troy, who is president of a conference of mayors of cities of New York state and the movement thus officially launched is said to have the support already of a large number of officials. The activities are not to be limited to eggs, but other products which it is believed are too high will be assailed. One feature of the proposed campaign deserves special mention—that is the proposition that each city shall receive the same treatment, and the effort will be made to have necessities sold everywhere on the same margin of profit.

It is unfortunately true in this state that coal and other necessities are sold in some cities at much lower prices than in others. Taking freight cost into account, these differences, in fairness to the public, should not exist.

"To Whom Honor Is Due."

Dispatches tell of the death of Miss Harriet S. Harrington in a Wisconsin city at the age of 102. Miss Harrington's distinction was not so much her great age as the fact that she served as a Civil war nurse, receiving her appointment from General Grant. The nurses who served in the Civil war and still live are few, indeed, and people of one accord join in paying them honor.

Fifty years hence, when the European war is a matter of history, how great will be the number of nurses held in reverence for the part they played in alleviating the misery and pain of the great conflict. In point of numbers and suffering by comparison with the present conflict the war of the Rebellion sinks into insignificance. There will be more nurses to honor a half century from now, more old soldiers to give credit for earlier patriotism, but they can not be held in greater reverence than are the American veterans and war nurses in our present day.

Rapid Romances.

Now another charge has been made against the movies and that is that filmdom has influenced the present day more and is responsible for the popular type of speedy courtship. The independent says that in the years long ago it was the novelist's idea of romance to have the love affairs of young people develop from a long period of acquaintanceship and friendship. Now the idea is entirely different and the popular novelist pictures either the cave man type who speedily carries away his intended, or instead the romance which develops with such speed that the denouement is reached in at least a few weeks after the characters are introduced.

All this rapidity is charged to the movies for there it is necessary to crowd these love affairs into so many hundred feet of film and so the happy ending of the romance which began in the first episode, of necessity, must come a few minutes later on the screen or nobody would be happy—neither the movie stars nor the auditors. We are inclined to jest about the books and stories which always end with the villain punished, the hero rewarded and the lovers united, but nevertheless we are all sadly disappointed if just that sort of an ending is not provided.

Dictates of Humanity

Secretary Lane's statement about the United States' duty to Mexico is significant and these sentences summed up the situation well: "The miseries of Mexico must be assuaged. Her poor, naked, starving people call out for help. We cannot maintain our self-respect or be true to the highest dictates of humanity and see these people suffer as they do because of the chaos that has come from the civil war."

Just what we are to do about the

existing conditions is another matter. Manifestly it is still the administration's policy to use much patience and forbearance with Mexico, but there is evident the under surface thought that the day of patience must sometime close for Carranza. Will the head of the de facto government react between the lines and so shape his actions that the United States can continue to work with him rather than with others across the border?

Will Be Settled in Courts

It seems certain that the tax amendment proposition submitted at the recent election will go into the courts. There is some doubt as to whether a majority of the votes cast in the election or a majority of the votes cast for legislative candidates was necessary for the amendment. Under the law it will be Governor Lowden's duty to proclaim officially the result of the vote on this constitutional amendment. If he decides that only a majority of the vote cast for legislative candidates was necessary, then the amendment has been adopted and the legislature can revise the tax law. It would remain for someone opposed to the amendment to attack the legislative bills in the courts. If the governor should choose the other action and decline to declare the amendment carried, then mandamus proceedings could be brought against him to compel this action. So no matter what action the governor takes the real status of the case is almost certain to be outlined by the supreme court.

Old Father Hubbard

A Journal reader who is watching the growth of anti-liquor sentiment with interest has submitted the following taken from the Chatsworth News:

Old Father Hubbard went to the cupboard.

To get him a bottle of beer, But when he got there the cupboard was bare, Alas! Prohibition was here.

He went to the tavern to purchase some ale, But when he got there the place was for sale.

He went to the shop for a bottle of gin, But when he got there he couldn't get in.

He ordered some whisky—for use scientific! They sent him wood sprits; the smell was terrific.

He went to a Vet to prescribe for a calf, Some brandy would do—say a pint and a half.

He found on returning the Vet played him false; The bottle contained only water and salts.

He went to a doctor for rum for a boil, But Doc prescribed sulphur and sweet castor oil.

He went to a druggist without a prescription, So he couldn't get liquor of any description.

He sought a blind pig as his only resort; But when it was raided he landed in court.

He went to the farm out at Guleph for a rest; He thought, when released, prohibition was best.

He's glad to be freed from King Alcohol's power, So now he goes thirsty or drinks lemon sour.

Rippling Rhymes
By WALT MASON

THE BANK ACCOUNT.

Oh, happy day when I began to put my doubloons down in brine! While you with fear the future scan, a soul serene and calm is mine. Long was I slumbered around by fate, the dregs of sorrow oft I drank, before I got my head on straight, I used to blow my money in as fast or faster than 'twas earned, and one could fill a good large bin with iron dollars that I burned. I blew in every kind of pelf, the mark, the kopeck and the franc, before I tumbled to myself, and put my moldiers in the bank. And then I always lived on prunes, was up against the ragged edge, until, to salt down my doubloons, I made a large brass-mounted pledge. Since then on rosy paths I tread, and merrily I whoop and yell; I do not fret, I do not dread the dreary old H. C. or L. I buy my car new rubber tires, and pour rich gas into its tank; he has all things that he desires, who puts his rupees in the bank.

THIS DATE IN ILLINOIS HISTORY

November 29, 1804—Vincennes University was incorporated; it was the first institution to be so organized in Indiana Territory which then included Illinois.

DONATIONS AT PASSAVANT HOSPITAL

Generous donations were received yesterday at Passavant hospital and it was pleasing to see how the people responded to the call for aid. This noble institution is deserving of all the aid it can get and the people of Jacksonville and vicinity will do well to see to it that the establishment receives the aid and encouragement to which it is so justly entitled.

GREAT BREAD DISPLAY

BEGAN YESTERDAY

Hundreds of Loaves Entered in Contest for Valler's Enterprise Flour Prizes.

The front windows of the establishment of Johnson, Hackett & Guthrie show a veritable avalanche of bread, pure, white, snowy, light, attractive looking and doubtless delicious to the taste. Up to last evening 375 entries had been made in the bread contest and it was notable too that many of the prominent ladies of the city had gone into the contest and contributed products of their skill. Valler's Enterprise flour, distributed by Cain & Sons certainly has prominence this week. The manufacturers have had similar contests in Springfield and Centralia but the one here by far eclipses anything they have had yet, nearly three times as many entries having been made here as at Springfield. Ladies from New Berlin, Woodson, Murrayville and other places have sent in loaves so the territory represented is wide.

H. A. Gardner, manufacturers' representative and manager arrived yesterday and will be here today seeing to the final part of the contest. Henry J. Holmes, salesman, is on hand while the lady demonstrators are Miss Emma Johnson, Mt. Vernon; Mrs. M. Taylor, St. Louis; Miss Mayme McKeon, Stanton; Miss Nellie Hopper, Mt. Vernon; Miss Catharine Carmody and Miss Theresa Caveny, Carlinville. After being judged the bread is to be divided between the two hospitals, the Associated Charities and the Salvation Army. The judges will certainly have no easy task.

New York, vanilla, toasted almond, caramel nut, Tutti-frutti, strawberry, and chocolate ice cream and pineapple, orange and cranberry ice.

ROADMAKERS WILL MEET SATURDAY

Several Addresses Will Be Made—Seek to Get Sentiment of People.

The road meeting to be held next Saturday under the auspices of the Morgan County association of road clerks and commissioners promises to be of more than usual interest. A number of speakers have been secured for brief talks and it is hoped that from the discussion that some general plan of road betterment can be adopted which will be followed uniformly thruout the county. Road officials are recognizing that it is thru uniform work that the greatest general benefits will come.

During the past week W. H. Cocking and some others have been busy interviewing citizens in all parts of the county asking them to sign statements which set forth definitely their ideas about road betterments. Questions are being asked in reference to preferences for spending the state aid fund for hard roads, oiled roads or bridges and the expression of opinion as to advisability of a bond issue is also being asked. It is the plan to have some one of the speakers tabulate the replies and to use the result as the basis for remarks.

MINNETONKA COUNCIL IN SESSION TUESDAY.

Special Program With Social Hour Greatly Enjoyed.

Minnetonka Council No. 71 of the Order of Pochontas held a special meeting Tuesday night at Odd Fellows temple on West State street. After the usual order of business had been carried out the following program was rendered:

Piano Solo—Miss Louise Robinson.
Reading—Miss Harriet Dulap, with accompaniment by Miss Mildred Henderson.

Violin Solo—Miss Louise Robinson, with Miss Esther Robinson accompanist.
Reading—Miss Lydia Hunt.
Piano Solo—Miss Mabel Wyatt.
Vocal Number, "Northern Lights"

Quintet.
The quintet number was given by Harry Sandberg, Harold Sandberg, Harvey Sandberg, David Gustafson and Clifford Carlson, and like the other numbers on the program, was greatly enjoyed.

After the exercises came refreshments and a social time and the whole event was a great success.

WILSON CHANGES CUSTOM.

WASHINGTON, Nov. 28.—President Wilson changed a long-time custom today when he decided that for the present the meeting hour of his cabinet hereafter would be 2:30 p. m. Instead of 11 a. m. every Tuesday and Friday. This change was decided upon so the president will have his mornings on those days free for other engagements.

OLD DAYS RECALLED BY 80TH ANNIVERSARY

Mrs. Mary Griswold of White Hall Remembers Long Trip Across Country in 1845.

Dr. and Mrs. H. L. Griswold entertained at dinner Monday in honor of Dr. Griswold's mother, Mrs. Mary Griswold of White Hall, who on that day observed her 80th birthday. Mrs. Griswold is strong and remarkably well preserved and the anniversary dinner was for all a happy occasion. There were present at the dinner also, L. G. Griswold and family, F. C. Griswold, Mrs. Minnie Griswold and family and Mrs. Hattie Pinkerton, all of White Hall.

Mrs. Griswold was born Nov. 27, 1836. She sprung from an old New England family, her ancestors, the Swallows, having come to this country and settled in Chelmsford, Mass., in 1666. The Swallow homestead was built at Dunstable, Mass., and is yet occupied, the fifth and sixth generations of the family residing there. Mrs. Griswold's father, Guy Swallow, was one of a family of fifteen children, all of whom grew to maturity and each of whom married. The last of the fifteen, Mrs. Luthera Thaxton, died at White Hall about two years ago at the age of 94.

Mrs. Griswold, with her parents came overland to Green county, Illinois, when she was but one year old. In those early days no railroads existed west of Buffalo and in 1846 when Mrs. Griswold made a visit east, two months was consumed in a trip by wagon. Mrs. Griswold was nine years old at the time and very interesting is her account of the

long journey to Vermont and the eventual return trip to the Illinois frontier.

Mrs. Walter Ayers, who went to Winnetka several days since to visit relatives, will be joined today by Mr. Ayers, who will spend Thanksgiving there.

MORTUARY

Johnson

Mrs. Morton VanHouten has re-
ceived word of the death of her ven-
erable uncle, Peter Johnson of Pat-
terson, Ill. The gentleman was 92
years old at the time of his death
and aside from defective hearing he
enjoyed the use of his faculties until
a few days before his death when he
lay down to arise no more. He was
also a brother of Mrs. Kirkman.
Mrs. VanHouten's mother. He left
no family, his wife having died some
years ago. He had no children, and
lived with a nephew. He was an up-
right, estimable man, kind and gen-
erous hearted and respected by all
who knew him. He was one of the
noted California 49'rs and had many
stories to tell of his adventures in
the early days.

Gordon

Mrs. Alice Kumble of Alexander
received word Tuesday afternoon of
the death of a niece, Anna Ruth Gor-
don, the little daughter of Mr. and
Mrs. Samuel Gordon of Illinois. The
time of the funeral was to be fixed
today.

Cox

Word has been received of the
death of Mrs. Jennie Cox, wife of
Charles Cox, at her home in Los An-
geles, California.

Deceased was the daughter of Da-
vid and Martha Belcher and was born
in Virginia March 12, 1857. She was
married to Charles Cox of Morgan
county February 18, 1884, and re-
sided in this vicinity for a number
of years, removing with her husband to
California early fourteen years ago,
and has since lived in Los Angeles.
She is survived by her husband, three
daughters—Mrs. Beulah Max, Mrs.
Alberta Henderson, Mrs. Barbara
Douglas—and one son, Harold. All
live in Los Angeles except Mrs. Doug-
las, who lives in Nebraska. She is

NEW LINES OF WORK AT STATE HOSPITAL

Patients Now Regularly Employed in Tailoring, Sewing and Rug Making—Work Brings Mental Relief and Helps With Economy.

Visitors at Jacksonville State hospital now are interested in the special lines of work which patients are doing. Dr. E. L. Hill, managing officer of the institution, has developed these departments with the double purpose of benefitting the patients by occupying their minds and time, and further to effect economies. In the men's tailoring department of sewing room all the suits worn by the patients are being made. The same plan is followed in the women's sewing room, where dresses, aprons and coats are turned out in large numbers. It has been the custom for years to make sheets and other bedding materials in this sewing room, but the plan of dress making was begun at the same time that the men's tailoring department was developed.

Still another line of work which the women are doing is rug weaving. Most of this work is in rag rugs, altho some carpeting is now coming from the looms. The rugs are made from materials which were previously sold as old rags and the same is true of the carpeting. By far a larger number of women are engaged in what is usually termed fancy work, the making of dollies, table scarfs, pillow tops and articles of that general type. In this department the work serves to occupy the thought of the patients for seven or eight hours a day and the articles produced are used in the various rooms. This work does not effect the economies

that result from the other departments mentioned.

Making Men's Clothes.

The average visitor will find the men's tailoring department the most interesting. For this work the building equipped as an employees' bowling alley has been utilized and there are more than forty patients now at work. In starting the work the services of designers from J. Capps & Sons' mill were secured for a few days and men were found among the patients who rapidly took up the work of cutting. There are a few former tailors in the group of forty but most of the workers started in without training but soon were able to run the machines properly and to do the hand work. The materials used are purchased from the Capps mill and it is thus possible to provide patients with woolen clothing. The suits they formerly wore were made of cotton cloth and came from the state's prisons. By the present plan it is possible to furnish suits of much better quality and appearance made from wool at a less cost than for the prison made garments.

Another line of work followed in this department is in cleaning and pressing men's suits. The most notable thing about the shop is the interest which the men show in their work. They have been at it now for a number of months and their proficiency has constantly increased and there has been no diminishing of their enthusiasm for the work. They seem to take a great deal of pride in turning out garments which look well and are neatly finished. Since this tailoring shop has been established superintendents from several other institutions have been here to observe the work and the same line of activity is to be inaugurated in several of the other institutions.

Women's Sewing Room.

In the sewing room for women the results have been just as satisfactory a much larger number being employed. The aprons and dresses made from materials purchased are better in quality than those formerly worn by the patients. A gingham dress is now being made at a cost of 56c, which formerly cost \$1.05. The building where rug weaving is in progress was formerly used as an isolation hospital. The quarters are not large and about twenty-five women are employed. They are of somewhat more disturbed type than most of those engaged in the sewing rooms, but are working effectively with the looms, and the rag carpet and rug rugs which are being produced are being used in various halls and rooms about the institution.

The largest group of workers is found in the amusement hall in the annex. Under the care of two attendants there are two hundred women employed there from day to day. They knit, crochet, sew or do drawn work under the direction of these attendants. They also do quilting and make different kinds of bedding. At times the work is suspended for recreation, walks outdoors, or for games or some form of amusement within the hall according to weather conditions.

All of these workers in tailoring shop, the sewing, rug and fancy work rooms are served additional rations. They have a special lunch prepared for them about 9:30 or 10 o'clock each day. They naturally need more to eat than is given to patients in the wards, who are inactive and not employed.

Low Per Capita Cost.

Dr. Hill during the past year has so managed the per capita cost of the institution that the records show that it is \$118.95, the lowest of any of the state institutions, which range as high as \$246.40 per capita. Naturally the managing officer has been asked whether the cost has been reduced by giving patients less to eat and points to the records to show that this is not the case. The state board of administration steward has investigated food supply very carefully and the records show that the costs have not been reduced by lessening the meals given the patients. A bill of fare for each meal for a week is made out after conference of the superintendent, staff, storekeeper, steward and cooks from the several departments. Copies of the week's bill of fare are then distributed to all officers and employees who have anything to do with preparation or serving of meals and it is their duty to see that the patients all receive what the bill of fare provides.

For Thanksgiving day the dinner menu is heavier than usual and will include roast goose, dressing and gravy, mashed potatoes, cranberry sauce, celery, bread and butterine, mince pie. Dr. Hill's statement is that the lower cost has been possible because of the economy effected through some of the work already mentioned, because of the large amount of vegetables produced from the garden and the further return made by feeding the garbage to hogs instead of selling it. The year's record shows that there was a net return of almost \$5,000 from feeding the garbage. The hogs have been cared for with comparatively little extra expense as practically all of the labor has been done by patients. The institution garden this year included about 35 acres of potatoes which averaged something more than 125 bushels to the acre and the potato supply produced on the farm is still in use.

Better Building Needed.

It is Dr. Hill's hope that better accommodations may later on be secured for the tailoring department and the other new lines of work mentioned, for with better light and better facilities generally the class of work would be improved still further. The beneficial effects upon the patients are particularly noticeable for keeping their hands and minds occupied has resulted in many discharges.

As the hospital population is now 2185 it is readily understandable that the work and changes there are of increasing interest. When the last biennial report was published the population was given at 1,759. Transfers from other institutions here are frequent and the hospital is now near the capacity mark.

One cannot visit the Jacksonville State hospital grounds and buildings without being impressed anew with the humanity and the generosity with which Illinois prepares for the care of its wards. There is no better indication of the progress of a state than its public institutions for they reflect quite clearly the wishes and thoughts of the people, and while the ideal can never be reached, this state is certainly making continued advances in the management of its institutions.

Work on the new kitchen building, of which William McCullough has the contract, is being pushed along as rapidly as possible altho there have been some vexatious delays on account of inability to secure materials. Mr. McCullough hopes to have the outside work completed before cold weather and the interior can then be finished during the winter.

DOUBLE HEELED RUBBERS AT HOPPER'S.

WILSON GRANTS RESPITE.
NEW YORK, Nov. 28.—William White, sentenced to execution at Leavenworth on Dec. 15 for murder, was respite 30 days today by President Wilson. Application for pardon is pending and further investigation is being made by the department of justice.

FIRE DESTROYS BUILDING.
CHICAGO, Nov. 28.—A three-story building at 1819-35 Carroll avenue, occupied by several firms, was practically destroyed by fire today with an estimated loss of \$100,000. Small lots of paints and oils made unusual caution necessary in fighting the flames.

LEONARD L. ACREE TO WED MYRTLE BRITTON

Ceremony Will Take Place Today at Hillsboro—Will Reside in Jacksonville after Holiday Visit with Relatives in Litchfield.

A wedding which will come as a surprise to many Jacksonville friends is that of Leonard L. Acree of this city and Miss Myrtle Britton of Mattoon, which will take place today at Hillsboro. Mr. Acree will leave this morning at 7 o'clock via the Burlington for Hillsboro to meet Miss Britton and after the ceremony they will go to Litchfield to spend the Thanksgiving holidays with Mr. Acree's relatives. Immediately after the holidays they will return to Jacksonville and reside in an apartment which the groom-to-be has already furnished at 224 1-2 South Main street.

Miss Britton is a daughter of Mrs. Mary Cavanaugh of Mattoon, and is a graduate of the Mattoon Business College. She spent part of the past three months in Jacksonville, where she made many warm friendships.

Mr. Acree came to Jacksonville five years ago and attended Brown's Business College. After graduating he was for some time employed by the Jenkinson-Bode company as bookkeeper and city salesman and later accepted a position with the J. F. Humphrey & Company of Bloomington, wholesale grocers, as traveling salesman. About year ago Mr. Acree returned to Jacksonville and entered business as a member of the wholesale grocery firm of Birdsell & Acree in South Main street. He is a young man of many admirable qualities and the large number of friends of the young couple will unite in extending their best wishes.

HIGH SCORING BIRDS AT POULTRY SHOW

The Work of Judging Began Tuesday—Will Continue Thruout the Day—James McBride Wins Trio of Fowls

The show of the Morgan county Poultry association, in progress this week at armory hall, is remarkable for the number of high scoring birds entered, according to the Judge, George A. Heyl, of Washington, Ill. A number of exhibitors are poultrymen of long experience and this fact accounts, in part, for the high average maintained.

In the drawing at 9 o'clock Tuesday evening, the lucky number was held by James McBride and to him were turned over a trio of White Orpingtons, from the Weber pens. The drawings will be held at the same time each evening and if the holder of the number is not present, a second or a third number will be drawn.

The Morgan county exhibitors have stood by the show this year better than ever before the largest individual exhibitor is an Auburn man and there are several exhibits of good size from Sangamon county. At 4:30 o'clock Saturday, there will be a special drawing for children and a pair of bantams will be given away.

Harry Mather, residing east of the city on the Springfield road has several fine capons on exhibition at the poultry show. Mr. Mather has several hundred capons and expects next year to devote himself to this branch of the poultry industry.

ILLINOIS COLLEGE Y. W. C. A. IN THANKSGIVING MEETING

Members of the Y. W. C. A. of Illinois college held the annual Thanksgiving meeting in the society rooms Monday afternoon. Tea was served during a pleasant social hour. A word of especial greeting for all new members was expressed by the president, Miss Ruth Wyand. Miss Helen Sorrells gave a violin selection during which the members of the cabinet presented to each young woman a carnation. The topic of the meeting was "Our Thanksgiving" and the leader was Miss Edith Epler. Plans were announced for the Y. W. C. A. Japanese bazaar and tea, to be held in the parlors at cademy hall on Saturday.

PASTOR RUSSELL LEFT \$200 ESTATE

New York, Nov. 28.—An estate of \$200 was all that Pastor Charles T. Russell left, according to his will which will be published tomorrow in the December issue of the "Watchtower." The estate is bequeathed to his widow, Pastor Russell who was founder of the Watchtower bible and tract society, spent forty years in evangelical work.

The will stipulates that five men appointed by him as the editorial staff of his magazine are to receive \$10 each every month for current expenses in addition to board and lodging.

LEWIS WILL NOT RECOMMEND EMBARGO

CHICAGO, Nov. 28.—Senator James Hamilton Lewis, Democratic whip of the senate, said today that he was certain that President Wilson would not recommend, nor would congress pass a law placing an embargo on foodstuffs. The results, he said, of such a law would be disastrous. He said that, personally, he favored the seizure by the government of necessities and the retailing of them to the public at reasonable prices.

FRATERNITY DELEGATE.

Garm Norbury, a student in the Harvard medical school, was recently elected delegate to the national convention of Nu Sigma Nu, a national medical fraternity, the sessions of which will be held in Chicago Friday and Saturday. Dr. and Mrs. Norbury will go to Chicago and will spend Thanksgiving with their son.

SOCIAL EVENTS

Centenary Ladies' Aid in Social Meeting

Mrs. T. L. Cannon, 625 South Diamond street, was hostess Tuesday afternoon at the November birthday meeting of the Centenary M. E. church ladies' aid society. A short program was followed by an enjoyable social hour, in the course of which refreshments were served. Miss Frances Seance, a Woman's College student, gave a reading; Miss Cox, from the college also, sang, and Miss Dorothy Cannon was heard in a reading. Final arrangements were made for the annual turkey supper of Centenary church, Dec. 5.

The hostesses were Mrs. Naomi Whorton, Mrs. Lena Kellogg, Mrs. Mary Hart, Mrs. George M. Fahr, Mrs. C. O. Bayha, Mrs. Mary Royse and Miss Clara Ranson.

Mrs. Stewart Entertains Woman's Country Club

An interesting meeting of the Woman's Country club was held Tuesday afternoon at the home of Mrs. Henry Stewart, near Orleans. Mrs. George Holley read a paper on Alaska and Mrs. George Graft discussed Canada. "Facts About Canada" was the roll call subject. There were present eighteen members and two visitors. Refreshments were served.

Dinner-Dance at Colonial Inn

One hundred society folk were guests Tuesday night at the dinner dance given by Mr. and Mrs. Edgar E. Crabtree and Miss Mary Wadsworth at the Colonial Inn. The guests were received by Mr. and Mrs. Crabtree and Miss Wadsworth, together with Mr. and Mrs. Charles W. Crabtree of Lawton, Oklahoma, and Mrs. M. R. Crabtree of Springfield, Mo. The guests of honor. It was a Hawaiian party and yellow, the national color of Hawaii, was used in the artistic decoration of all the rooms at the disposal of the company.

There was dancing during the dinner hours and afterward, with music by Randall's orchestra. The company found great pleasure also in the music of a Hawaiian orchestra from St. Louis. Songs and melody characteristic of no other country than the musicians' island home made up their program. Still another suggestion of the far away islands came when Hawaiian lile were given as favors in one dance. Carnations and gorgeous chrysanthemums were other favors, and altogether youth and beauty, music and fragrance made the function one of much more than usual social interest.

GIVE OUT REPORT ON RAILWAY ACCIDENTS.

SPRINGFIELD, Ill., Nov. 28.—Fewer railway accidents occurred in Illinois in 1915 than in any year since 1899, despite increased mileage and traffic, according to a report made public here today by the state public utilities commission.

The commission reports these fatalities:

Passengers	14
Employees	152
At grade crossings	95
Trespassers	427
Other persons	18
Total	709

The report shows that the passenger traffic in Illinois in 1915 was equivalent to carrying one passenger 2,500,000 miles and it would take this passenger at the rate of a mile a minute 339 years to make the distance.

KAISER WILL SEND PRESENT TO WILSON.

GENEVA, Switzerland, via London, Nov. 27.—Emperor William will send to President Wilson as a Christmas present a de luxe set of American authors, especially prepared, printed and bound at the Royal Printing Works in Berlin, according to the Budapest newspaper, Az Est. The German submarine Deutschland, the newspaper says, will carry the gift to the United States on her next trip.

Emperor William's Christmas gift to Pope Benedict will be a Bible magnificently illustrated and bound.

MAKING DIMES AND DOLLARS GO FURTHER

Dr. John Dill Robertson, health officer of Chicago, who is directing the present experiment with the "diet squad" says that the effort is not to show that a person can live on 40c a day but how well a person can live on that amount. At any rate the experiment has attracted more than state wide interest and hundreds of letters are being received each day by Dr. Robertson. The criticism or suggestions which have come in such large numbers mentioning that many persons with large families could not afford a daily expense of 40c per person, brought forth the statement from Dr. Robertson that in many cases the purpose of the experiment had been misunderstood.

The 40c a day cost will fit in with conditions in many families but in still larger number the daily cost must of necessity be less. It is to meet such conditions that a well known magazine recently printed a list of menus which, it is stated, can be served to a family of five at a daily cost per capita of 25 1-3 cents. These menus differ from those being used in Chicago and seem to afford a greater variety. One day's menu follows:

BREAKFAST
Fruit Eggs Cereal
Coffee Toast

LUNCHEON
Potatoes with Cheese
Brown Bread Cocoa
Peaches Cookies

DINNER
Beefsteak Sweet Potatoes
Apple Sauce Lettuce
Cake pudding with sauce

To double the wearing quality of shoe soles, heat linseed oil and apply to the soles of new shoes with a soft cloth until the leather will absorb no more of the oil. Put the shoes to dry with the soles up. The drying process will require a day or so. A second coat of oil may then be applied.

Oil cloth on a kitchen table will last twice as long if it is pasted to the table with ordinary flour paste. This keeps it from wrinkling or cracking when washed.

When frying griddle cakes, after once greasing the griddle with fat use a raw potato cut in half. This is a very satisfactory economy.

Do not discard the hot water bottle when it leaks. It can be filled with hot sand or salt and will prove

almost as useful as when filled with hot water.

A very good quality of vinegar may be made from materials ordinarily thrown away. Save all fruit peelings, boil in just enough water to cover, strain and let ferment in unsealed jar. Rinse out all fruit jars as soon as emptied and pour the rinsing water into the vinegar jar. If it is desired to hasten the process of souring procure from the grocer a piece of "mother" as large as a saucer and add this to the vinegar.

A considerable saving in scouring soap will result if each cake is cut into four pieces before using. Lay a case knife across the middle of the cake and strike a sharp blow with a hammer. Proceed in the same manner with each half.

A serviceable play apron can be made for a small boy from a striped carpenter's apron which can be bought for a very small sum. Shorten the neck and back straps. This will effect a saving in clean blouses.

Linoleum will wear much longer if ordinary floor wax is used on it. Apply the wax liberally, allow to dry for ten minutes, then polish with a soft cloth.

A cheap cut of steak will be much improved in quality if a considerable amount of olive oil is applied to the steak and left to stand several hours before cooking.

Mayonnaise dressing can be made to last much further if a very thick white sauce about 1-3 the amount of the dressing, is added while still hot to the mayonnaise.

A good substitute for cream in oyster soup is a small piece of cheese added just before serving. A piece the size of a hickory nut should be used for each quart.

For the child which has reached the "creeping" age knee-caps made from the tops of worn out long kid gloves will mean a considerable saving in stockings. Cut out a square of the kid large enough to cover the knee, sew on one side a piece of elastic long enough to go around the leg under the knee and secure on the other side. These are put on over the feet and pulled up over the knees to serve as a protection for the stockings.

Lisle and silk hose are said to wear much longer if before they are worn they are washed in cold water.

Y. M. C. A. MEMBERS ENJOY FIRST SOCIAL OF WINTER

Excellent Music Adds to Pleasure of Evening at Association Building—Plans for Galesburg Conference.

It was a very pleasant evening which members of the Jacksonville Y. M. C. A. and friends enjoyed at the association building Monday, the first of a group of social events, which will take place from time to time during the winter season. Mayor H. J. Rodgers, president of the association was chairman and Secretary Findley and Mr. Brewer were on hand to extend to each guest a genial word of welcome. The program was begun at 7:30 o'clock with selections by the Centenary orchestra and good music was a feature of the evening as a whole.

Following the orchestra numbers Mayor Rodgers called for the following:

Quintette selection—Harvey, Harry and Harold Sandberg, Clifford Carlson and David Gustafson.

Duet number—Mrs. Florence Pieron Hartman and Miss Rena M. Lazelle of the musical faculty at Illinois Woman's College.

Parallel bar demonstration—Harry Walker and Harold Bartlett.

Mrs. Hartmann and Miss Lazelle were accompanied by Miss Edith Hilleray. Following the program a season of social games prevailed and refreshments were served.

Plans are virtually matured for the conference of older boys of the association and Sunday school workers, to be held at Galesburg, Dec. 1, 2 and 3. Those from this city who expect to attend are Wayne Gard, Lindley Williamson, John Badger, Louis Leung, Roger Carter, G. D. Reeve, Fred Bray and McKenree Blair. Secretary Findley will attend the conference and C. L. Depew and Coach Hufford of the high school are planning to attend.

pay a fair price

When the flour box needs refilling again, keep these two facts in mind—

- (1)—to pay a fair price.
- (2)—to choose a quality brand.

Less than half the normal American wheat crop is fit for food this year. Hundreds of flours will be milled from grain ordinarily used for screenings. Only the payment of a price commensurate with the cost of good wheat will insure you flour of maximum food value and protection of your family's health.

No way has ever been found to mill flour without wheat. Nor good flour from poor wheat. A cheap price this year is prima facie evidence of cheap wheat. Flours selling at 15c or 20c less than a reliable brand like ZEPHYRUS invariably make eight or ten fewer loaves (worth 40c or 50c) than ZEPHYRUS will produce. They are of inferior quality and deficient in nutrition. A buyer saving nickels of first cost loses dimes in final value.

Nearly always, the best is economy. Choose ZEPHYRUS.

MATRIMONIAL

Kloppe-Kohrs
William H. Kloppe and Miss Louise Kohrs, both of Alexander, were married Tuesday afternoon by the Rev. J. G. Kuppler pastor of Salem Lutheran church, at his home on East College street. The ceremony was witnessed by immediate relatives only. The groom is the son of Mrs. Henry Kloppe and was born and reared southeast of Alexander. The bride is the daughter of Mr. and Mrs. Henry Kohrs and has made her home southwest of Alexander. Both have many friends and both will receive many good wishes and words of congratulation as they begin married life. The young people expect to make their home on a farm east of the city.

CHARLES GILLMAN DIED AT TEXAS HOME.

Former Resident Here Passed Away Suddenly in South—Partner's Death Occurred in Same Week.

News was received here Tuesday by Joseph Barger of the death of his former partner, Charles Gillman, at Houston, Tex. Mr. Gillman, who came to Jacksonville from Carlinville, was for some years in partnership with Mr. Barger in a shoe store on the north side of the square, the firm name being Barger & Gillman. Subsequently Mr. Gillman retired and formed a partnership with Charles Cooper in the coal business. It is an unusual coincidence that Mr. Gillman's death followed by only a few days that of Mr. Cooper, which occurred at Nilwood last Thursday. The following notice of Mr. Gillman's death is from the State Journal as a dispatch from Carlinville:

"The announcement of the death of Charles Gillman at his home in Houston, Texas this morning came as a terrific shock to his relatives and friends in this city. He was born and raised to manhood in this city being the son of the late Charles Gillman. He also married Miss Annie Brockmeier of this city the daughter of Henry Brockmeier who survives him, as do two children. He is also survived by his brother Louis of Chicago, his sister Minnie and his step-mother and several half brothers and sisters in this city. He was a young man, very prosperous in business and had a host of friends. No cause was given for his death in the message and it was not known here that he was ill. A son died last year of typhoid fever and his body was brought here for interment."

SPECIAL ORCHESTRA

The New Pacific Hotel Cafe will serve Roast Turkey, Duck, Goose and Chicken Thanksgiving Day. Also fresh baby lobsters, blue points and other special dishes and all good things to eat. Reserve your tables early. Special dinner hours, 11:30 to 2 p. m. Five-thirty to 8 p. m. Harold Johnson's orchestra will furnish music.

"WATCH YOUR STEP" COMES FRIDAY

"Watch Your Step," a musical comedy production, which registered successes of a sensational nature in both New York and London, will be offered for the first time in this city at the Grand Friday, Dec. 1.

Every name associated with "Watch Your Step" is one that has been made illustrious by memorable successful achievements in some particular avenue of the entertainment field. Harry B. Smith wrote the book, Helen Dryden designed the costumes and scenery for the piece and Irving Berlin, America's champion song writer, is responsible for the music and lyrics.

"Watch Your Step" is far and away the best of its kind that theatre-goers have been regaled with in many days. All the Dillingham traditions in the matter of lavish costuming and sumptuous settings have been thrown to the discard, and in place of those efforts and done in the matter of gorgeous raiment, there are modishly attired show girls, spirited ponies, and a group of villagers reminiscent of Mother Goose at her best. These and other features combine to form a background for the principals that makes a kaleidoscope look cheap and never permits the proceedings to lag.

All kinds of fresh salted nuts for Thanksgiving.

STUDENT WAR RELIEF FUND

Collection Will be Taken at Thanksgiving Game.

The student religious associations at Illinois College have decided to join the movement for a Student War Relief Fund. An effort is now being made by the students of nearly all of the Colleges and Universities of the United States to raise a fund of \$150,000 for the students and their comrades in the prison camps of all the warring European nations. The fund is to be used to alleviate the conditions of the prisoners, and especially the student prisoners in the various camps. There will be a Campus Tag Day when students and faculty will be tagged for this cause.

Following a custom observed at Yale, Harvard and other eastern institutions a collection will be taken at the foot-ball game on Thanksgiving Day. The students of old Illinois ask their friends who will gather at the game on that day of pleasure and thanksgiving to unite with them in making a contribution to this War Relief Fund. Whatever is contributed on Thanksgiving Day will be added to the amount which will be raised on the Campus Tag Day. Committees have been appointed and immediately at the end of the first half collectors will pass thru the audience on the bleachers.

It is hoped that the contribution from old Illinois will not fall below contributions from other institutions in the class of Illinois College.

FALL FESTIVAL PLANS.

It was proposed some time ago that in preparation for a festival in the fall of 1917 that the Chamber of Commerce form a Jacksonville Fair association. This work has been delegated particularly to the young men's booster club and yesterday Secy. Rodgers of the Chamber of Commerce received the blanks for organization of the association from Secretary of State Stevenson. It is the purpose to organize in this way so that plans for the festival may be begun early and further that some assistance in the matter of prizes be secured from the state.

COLLISION ON NORTH MAIN

A National Express wagon and car No. 34, in charge of Victor Kruse, came into a collision on North Main street, near the square Tuesday evening about 6 o'clock. The wagon was piled with poultry crates and had in tow a loaded trailer. The driver seemed to have difficulty in turning out in time and the loaded wagon scraped the car, breaking several window panes.

TILTON ESTATE WINS SUIT AGAINST COUNTY

Judge Creighton Awards Damages in Sum of \$1,593 for Back Salary. Court Orders.

The most important order entered by Judge Creighton Tuesday was in the suit of Mrs. Martha Tilton, executrix, against Morgan county. The court, after reviewing the case, gave decision in favor of the complainant and fixed the amount of damages due at \$1,593. A formal notice of appeal was entered, but it is very probable that the case will not be taken to a higher court. This was the case brought by J. O. Priest as attorney for Mrs. Tilton, the executrix of the estate of Robert Tilton, deceased. It was based upon the claim that the county owed Mr. Tilton at the time of his death salary at the rate of \$400 a year in excess of the amount paid him. The question at issue was whether the salary of \$3,500, as fixed by law, is exclusive or inclusive of the \$400 which the state must pay toward the state's attorney's salary.

In the opinion of Judge Creighton, after reading the authorities and reviewing the case, the law contemplates that the full total of \$3,500 shall be paid by the county and that the fee from the state is in addition. The trial of Gates Strawn, as administrator, vs. John R. Robertson has been entered in remembrance being heard without a jury. Kirby Wilson & Brochhouse are representing the complainant and Bellatti, Bellatti & Moriarty are attorneys for Mr. Robertson. The suit does not involve a very large amount and is based upon a due bill of about \$500. Mr. Robertson claimed an offset of practically an equal amount.

Chancery.

W. R. Witt vs. Carrie Thomas et al. foreclosure. Report of receiver approved.

Mary Elizabeth Lazenby et al. vs. Ida May Lazenby et al. Partition. Motion by complainant in cross bill denied and motion by complainant in original bill to tax solicitor's fees granted. Fee fixed at \$530.

William K. Gibbs, et al. vs. Mary Emma Gibbs. Partition. Leave to Mary E. Gibbs as defendant to withdraw cross bill. Answer heretofore filed to stand as answer to amended bill. Carl E. Robinson appointed guardian ad litem for minor defendants. Demurrer of defendant, Charles H. Gibbs, administrator, over-ruled.

JACK LONDON'S EARLY LIFE SEEN IN LETTER

Author Wrote Missive Sixteen Years Ago Reciting Stirring Adventures

Boston, Mass., Nov. 28.—M. L. Osborne, associate editor of the National Magazine, has just published a characteristic and interesting letter written sixteen years ago by Jack London, the author, who died last Wednesday. The letter follows:

"962 East Sixteenth street, Oakland, Cal., March 24, 1900.

Mr. M. L. Osborne:

"My friend—In reply to yours of March 19th, in which you kindly offer to give a review of my book and ask for data. Find herewith a couple of clippings which may be of use to you; also, I shall supplement them where I may imagine it to be essential.

"Please do not be led away by the error in one of them relating to my birthplace. I was born in San Francisco and am a Californian by birth as well as residence. I was 24 years old last January. I lived on California ranches until my 16th year, when my family removed to Oakland, a city, I believe, now boasting 80,000 inhabitants. By 18 and starts I acquired a grammar school education, but rough life always called to me, my whole ancestry was nomadic (its destiny being apparently to multiply and spread over the earth), so at 15, I, too, struck out into the world. I did not run away.

"My people knew the strain in the blood, so I went with consent. I first went faring amongst the seamen, marine population of San Francisco Bay, where I got down close to the naked facts of life. It was a most adventurous experience, and one (like all the rest which I have never regretted. I there learned the rudiments of seamanship, handling small craft in the sternest of weather, till, the month I was 17, I was fitted to ship before the mast as an able seaman. Went to Japan, seal-hunting on the Russian side of Behring Sea, etc. It was the longest voyage I ever took (seven months); life was too short to admit of more. But I have taken many short ones and have served in divers forecastles, soke-holes, etc., and am at home anywhere. "When I turned 18, having taken an interest in economics and sociology, I went tramping (to the manner born) through the United States and Canada. Since then have continued those studies, but in a more conventional and theoretical way.

"I dabbled at high school, took a brief fling at the State University, but failed to complete my freshman year (not failed from a scholarly standpoint), and hurried away with the first rush into the Klondike. Have mined and capped thru the Sierras and other places etc. Never having been unwise enough to learn a trade, I have worked at all sorts of hard labor.

"When in the Klondike my father died, and I returned to take charge of the family. Have never been rash enough to put out a sheet anchor in the form of a wife. But when I returned from the Klondike I resolved to make the light of my life by making my living with my pen. This was precarious, for my assets were nil, and my liabilities legion. I was also a beginner, knew nothing of markets, methods or editors, needs or how to furnish those needs. My literary life is thus about fourteen months old, during which time I have striven to find myself, from the writing of triolets to blank verse, and from feature articles for yellow journals to really ambitious short stories. Consequently I have turned out a vast deal of hack work. And little ambitious work. Nor have I yet been so financially situated that I could try anything long.

"The Son of the Wolf," as you will discover, is a collection of short stories. These were written to supply a pressing need for cash, and were published principally in the Overland Monthly of San Francisco; also in the Atlantic Monthly. Then they were collected (nine of them) and submitted successfully to Messrs. Houghton, Mifflin & Co.

"These gentlemen will supply you with electrotypes of myself, I doubt not, tho you may have to ask for them. The Overland Monthly, April (if the article is not delayed) will probably furnish you with further data should you need it. Said article is to be written by Mrs. Ninette Eames, who knows me personally, but I do not know what she intends saying in it.

"Thanking you for past and present kindnesses, I beg to remain, very sincerely yours,

"Jack London"

RED MEN EAT BURGEOO SOUP. After the regular meeting of Delaware Tribe No. 78 Improved Order of Red Men Tuesday evening the members enjoyed burgoo soup and spent the evening socially. There was a large attendance including a number of visitors. At the meeting next Tuesday the semi-annual election of officers will be held and plans made for a membership campaign during the winter months. The entertainment committee Tuesday evening was composed of S. R. Armstrong, William Hayes and I. M. Bunce.

Mrs. Hugh McDevitt of Rees made a trip to the city yesterday.

Here's our recipe for your Thanksgiving dressing:

FOR the base of your Thanksgiving dressing, use a Hart Schaffner & Marx Suit—one, two, or three button or belt back to suit your taste; over this goes a Varsity Six Hundred overcoat.

For seasoning add a smart silk and wool shirt and one of our new four-in-hands, garnish with a new hat—soft or derby.

We're ready with all the "necessaries"; prices and styles are right.

ALL READY FOR FINAL GAME OF THE SEASON

Five Illinois College Men Will Line
Up for Last Time Thanksgiving
Day—Expect to Win From Normal.

On Illinois field tomorrow after-
noon five men will play their last
game for the Blue and White when
Illinois lines up against Southern
Normal in the last game of the sea-
son. These men are Wilson, Mitchell,
Pierce, Russel and Capt. Frisbie.

They have all been stars on the
Illinois team and it has been their
great playing the past three years
that has put Illinois among the best
of the state colleges.

Wilson and Mitchell were picked
by Wann this year for his all state
conference eleven and last year Fris-
bie was conceded to be in a class by
himself playing the tackle position.
His work this year at end was equal-
ly good. Wann couldn't see any-
body but Cox and McKown. Pierce

Harris, center, Southern Normal

while not a scintillating star has played
great football this year and has
surprised Coach Harmon and his
team mates by the manner in which
he stepped into the breach and ran
the team when Wilson was injured.
Russel has always been dependable
at center and a most willing work-
er.

STOP PAIN, RUB OUT NEURALGIA TORTURE

Instant Relief! Rub Neuralgia Pain
from your face, head or body
with "St. Jacobs Oil."

You are to be pitted—but remem-
ber that neuralgia torture and pain
is the easiest thing in the world to
stop. Please don't continue to suf-
fer. It's so needless. Get from your
drugist the small trial bottle of "St.
Jacobs Oil," pour a little in your
hand and gently rub the "tender
nerve" or sore spot, and instantly—
yes, immediately—all pain, ache and
soreness is gone.

"St. Jacobs Oil" conquers pain—
it is perfectly harmless and doesn't
burn or discolor the skin. Nothing
else gives relief so quickly. It never
fails to stop neuralgia pain in-
stantly, whether in the face, head or
any part of the body. Don't suffer!

year has been the bright particular
feature of Illinois' playing. Mitchell
has easily handled every man he has
played against and is unquestionably
the greatest tackle in the Little Nine-
teen conference. He has proved a
versatile player and there is little
doubt but that he could have made
any university team in the country.

The game tomorrow afternoon pro-
mises to be one of the best of the
Illinois season. Southern Normal has

never been seen in action here. How-
ever, the team undoubtedly has class
and it need not surprise Illinois root-
ers to see the team have the hard-
est battle of the season. Southern
Normal held St. Louis university to
a 7 to 0 score on St. Louis' field
and recently played Eastern Illinois
Normal a game in which the eastern
school won by a score of 19 to 7.
Eastern Normal has improved won-

in the season and promises to give

Millikin a real battle on Turkey day.
Illinois has lost but one game, that
to Millikin and will fight to keep
her state clean. Coach Harmon prob-
ably will turn his men loose and let
them make all the points they can.

Illinois will probably start the
game with the following lineup. Ren-

Valentine, c; Thiebaud, rg; Conklin,

TO REDUCE SALARIES OF BASEBALL PLAYERS

CHICAGO, Nov. 28.—Salaries of
baseball players in the American
league who were signed at high fig-
ures to retain them during the war
with the Federal will be sharply re-
duced. E. B. Johnson, president of
the league announced tonight.

The game was conducted on an
extravagant manner during the fight
with the Federal League, President
Johnson said.

"Now that the trouble is over,"
he asserted, "we will have to re-
turn to a sound basis, one where
men who have invested their money
in the game stand a chance of ob-
taining a fair return. There will
be no renewal of 'high salaried war
contracts.' The players must under-
stand that."

"We will agree on a new contract
at the annual meeting of the Amer-
ican League here December 14th,
that will be fair to all concerned. It
will be equitable to the players and
to the club owner."

REACH NO DEFINITE TERMS.

Chicago, Nov. 28.—Tex Rickard,
the New York promoter after a final
conference here today with Jess Wil-
lard, heavyweight champion, an-
nounced he had not reached any de-
finite terms binding Willard to a
championship match. Rickard said,
however, that his plans were pro-
gressing satisfactorily. He declined
to reveal who he had in mind as
possible opponent of Willard.

close deals in the next few days for
two outfielders, a third baseman and
catcher for the Peoria club.

BURGLARS ATTEMPT TO ROB GLASFORD BANK

Fail to Gain Entrance to Vault After
Removing the Outer Door.

PEORIA, Nov. 28.—An unsuc-
cessful attempt to rob the vault of the
Farmers' State bank at Glasford,
Ill., 18 miles west of here, was made
some time during last night, accord-
ing to a report to the sheriff of Peo-
ria county this morning. The rob-
bers, believed to be three in number,
secured \$28 from a cash drawer, but
failed to gain entrance to the bank's
vault after removing the outer door.
It is believed they were frightened
away. Rewards of \$500 each for ap-
prehension of the robbers have
been offered and bloodhounds and
finger print experts have been or-
dered to the scene, the report to the
sheriff said. Two deputy sheriffs
were sent from here to investigate
the robbery.

FARM LOAN BOARD STUDYING EVIDENCE.

Expect to Make Announcement of
Twelve Federal Districts Within
Twenty Days.

Washington, Nov. 28.—The fed-
eral farm loan board, which has just
returned from its final tour of the
country to determine the best loca-
tion for the establishment of the
twelve federal districts in which the
banks are to be selected is expected
within twenty days.

In its tour, the board travelled
twenty thousand miles and held fifty
hearings in an effort to get first hand
information from farmers generally
as to their farm loan needs. The
board announced today that the tes-
timony indicates that the govern-
ment's new cooperative banking sys-
tem, from its installation will have a
volume of business that will insure
its operation at a minimum of cost.
The testimony according to the
board, emphasized the great demand
for an agency to lower and equalize
interest rates on farm loans and to
provide long time loans repayable
in small installments thru a long pe-
riod of years.

years ago. At one time it had 87 in-
habitants and 23 saloons. The deed
was filed today transferring the
property to David A. Wyckoff. It is
understood the purchase price was
between \$30,000 and \$50,000.

Illinois Railroads Reduce Accidents of All Kinds

THE State Public Utilities Commission has issued a report
showing that fewer people were killed on the steam rail-
roads of Illinois during the year ended June 30, 1915, than in
any year since 1899, despite the great increase in population,
in track mileage, in train service and in passenger and
freight traffic handled in the past sixteen years.

As stated by the Commission, the total
number killed in 1915 was 709. Com-
pared with the year 1914,
this was a decrease of
20% per cent. As com-
pared with 1913, it was
a decrease of 30 per cent.

Of all the persons killed,
four hundred and twenty-
seven (427) were tres-
passers. The Public
Utilities Commission
thus comments on these
casualties:

"While there was a substantial
decrease in all kinds of accidents,
it is noted that, of the total
number of persons killed, 60
per cent were trespassers."

Safety of Passenger Travel

Only fourteen passengers were killed
on Illinois railroads in 1915. This was
less than two per cent of the total
number of all persons killed. The
passenger traffic handled was equiv-
alent to carrying two and one-half
billion (2,500,000,000) passengers
one mile.

On that basis, a passenger on the
railroads of Illinois could travel
178,571,428 miles before meeting death.

At a speed of sixty miles an hour,
day and night, 365 days a year, it
would take over 339 years
for a man to travel that
distance.

Why There Are Less Accidents

The Public Utilities Com-
mission's statistics as to
passengers and trespass-
ers killed show how
much safer the railways
of Illinois have made it to
travel in their trains than to trespass
on their trains and tracks.

This decrease in railway accidents is
due mainly to the vigorous "Safety
First" campaign carried on by all the
companies, and the expenditure of
many millions of dollars for stronger
tracks, steel cars, safety devices and
many other improvements.

Could anything more strikingly illus-
trate the situation as to railway
accidents in this state than the fact
that over thirty times as many people
are killed while trespassing on the
property of the railways as while
traveling in their trains?

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant result from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them 10c and 25c per box. All druggists.

Use Zemo for Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little Zemo furnished by any druggist for 25c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, black heads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

DIET SQUAD GAINS TWENTY-SEVEN POUNDS

Has Been Fed a Week at a Net Cost For Food Consumed of 33 2-3 Cents a Person Each Day.

Chicago, Nov. 28.—The diet squad which is undergoing a two week's test to help establish an economical standard of living and to prove that palatable and nutritious meals can be served for not more than 40 cents a day has been fed a week at a net cost for food consumed of 33 2-3 cents a person each day. On this diet the squad has gained a total of 27 pounds.

The first week of the test was finished tonight. A statement of food consumed, purchased at random at retail stores in the downtown district show that the total cost for food for twelve persons was \$28.28.

The most expensive article of diet was the meat of which \$10.08 worth was purchased.

Tomorrow's menu:

BREAKFAST Baked Apples. French Toast.

LUNCH Coffee. Clam chowder (corn bread and butter. Hunter's Pudding. Tea.

DINNER Spaghetti Soup. Meat Pie. Succotash. Prune Jelly.

Bread and butter. Tea.

Recipe for Hunter's Pudding:

One cup finely chopped suet, one cup molasses, one cup milk, three cups flour, one half teaspoonful salt, half teaspoonful each cloves, Mace, allspice, one teaspoonful cinnamon, one half cup raisins, two tablespoonfuls flour. Mix and add milk to suet, been floured, turn into grease mould, combine and add raisins which have cover and steam three hours.

Feed Soldiers for 27 Cents.

San Antonio, Texas, Nov. 28.—While the Chicago health department is striving to hold the cost of food for members of the diet squad within the limit of forty cents a day per person the government is feeding the thousands of soldiers on the border at a daily per capita cost of twenty seven cents. The allowance provides the best of rations and in most companies and troops gives a surplus at the end of the month to be spent for table delicacies, according to commissary officers of the Southern department. These officers say the army is able to keep down the cost of living by buying at wholesale prices.

PLACE BODY IN HOFBURG CHAPEL AT VIENNA

LONDON, Nov. 28.—The body of the late Emperor Francis Joseph was removed at ten o'clock last night, according to the prescribed ceremonial, from the Schoenbrunn Palace to the chapel in the Hofburg at Vienna, says an Exchange Telegraph company despatch from Amsterdam.

Immense crowds watched the impressive pageant as it passed with torch-bearers leading. Delegates representing all the Austro-Hungarian and Czech regiments and a squadron of Austrian cavalry in war equipment, followed. Then came the state coaches bearing the high functionaries and after them the hearse drawn by eight black Arabian chargers draped in black, gold and silver.

At the door of the Hofburg chapel, the Imperial family, including the new emperor and empress in deep mourning, awaited the coffin, which was placed in the center of the chapel where the clergy gave the final blessing.

ALASKAN ROAD WILL NOT BE FINISHED IN 1918.

SEWARD, Alaska, Nov. 28.—Captain Frederick Mears, has issued a statement which was made public here today which says the government railway between Seward and Fairbanks will not be completed before 1920 or 1921, instead of 1918 as has been previously announced. It also stated that the part of the system along Turnagain Arm, between Seward and Anchorage, would not be ready for operation until 1918, instead of by November, 1917, as originally planned.

Captain Mears said that construction work had been heavier and slower than expected and that the getting of supplies had been more difficult than contemplated.

CALL MEETING TO PROBE COAL PRICE

QUINCY, Ill., Nov. 28.—Members of the Quincy city council in meeting tonight called a session of citizens coal dealers, and representatives of the Wabash and Burlington railroads to investigate the high price of fuel. The investigation will be held Friday night. It is stated that Quincy citizens have been forced to pay higher prices for coal than those of any city in this territory. Alderman Phillip J. O'Brien, himself a coal dealer, stated that Quincy will be without a pound of coal in the event of a week of cold weather.

BELIEVES SHORTER DAY WILL INCREASE DRINKING

New York, Nov. 28.—Frank C. MRS. M. E. CULLY'S HOME DAMAGED BY FIRE.

Roof of South Diamond Street House Caught From Flue

Fire which was discovered about 7:30 Tuesday morning caused considerable damage to the residence property of Mrs. M. E. Cully at 659 South Diamond street. The fire was discovered by Mrs. A. C. Rexroat, who lives in the first house north, and is supposed to have originated from a defective flue in the kitchen. When first seen the flames were on the roof about the flue, and before the department could arrive the entire roof was blazing. Quick action on the part of the department prevented the house from being entirely destroyed and also saved the Rexroat house next door. Most of the furniture was removed from the house by the neighbors who also aided in carrying out the greater part of the furniture from the Rexroat house.

The house damaged was an eight room two story frame structure and was estimated as worth from \$3,000 to \$4,000. The loss, when was fully covered by insurance, was estimated as high as \$1,500. Fire Chief Hunt considered it to be about \$300. The house will be repaired as soon as possible. Mrs. Cully in the meantime occupying a house in the immediate neighborhood.

FARM NOTES

CARE OF DAIRY CATTLE TO GET BEST RESULTS.

Under normal conditions in the old world the dairy cow is looked upon as practically the only means for the farmers to secure a livelihood. Intensive grain farming has in the past depleted the soil and the people and after turning their attention to the milk cow, the soil of the country and the fortunes of the people grew better and better until the dairy countries no war the most prosperous that we have.

Much of this advancement is due to developing the milk cow thru breeding, feeding and sheltering. The breeding of the dairy cows we now have has all ready been accomplished so that we now have no control over the blood lines that our cattle now possess.

Feeding economically and successfully is indeed a problem under the present reign of high prices. However, under no conditions is it advisable or profitable to underfeed the dairy cow. She must exist and if the feed is cut down all that the cow can do is to make the feed go where it must maintain the cow, therefore the milk she gives is cut down to three fourths, half or almost nothing. This depends on the dairy temperament of the animal and upon the amount of feed the cow gets less than she should have to keep her production up to the maximum. Then when her rations are cut her only recourse is to cut her production of milk and butter fat.

As to shelter, the cow must have protection from the changes in the weather. It is much more economical to keep a cow warm in a shelter than it is to keep her warm with the feed she eats. Then, the more comfortable a cow is the better she can perform her work of producing milk and cream. A shelter need not be expensive to secure the desired results. Such a protection should be well lighted, clean, and well ventilated. The light makes it pleasant for the cows as well as helping to keep the stables free from undesirable germs that tend to shorten the life of the animal and prevent her from profitable production. The place should be kept reasonably clean for the same reason.

In twenty-four hours a cow uses enormous amounts of oxygen that is found in fresh air and as air is the cheapest feed we have she should have plenty of it at all times to keep her, the milk producing machine, working up to her fullest capacity. This should be supplied in such a way as to prevent her from suffering from the cold.

If the cow is well cared for by giving her good feed and good shelter there is nothing on the farm that will make the farmer more in cash net returns.

Favors Feeding Cattle

I see a great many feeders are going to quit feeding cattle this year on account of the high price of corn and other feeds. While grain of all kinds is high the price of feeding cattle is no higher than last fall, while the prices of fat calves and hogs are \$2 higher than last year, with the prospect of their being higher next year. The scarcity of grain will mean fewer cattle and hogs fed, as some sections did not raise more than enough feed to carry their stock thru the winter.

Where a person is fixed for feeding and can buy the corn it will pay to do so, I think. I have been feeding for twenty-five years. I feed all the grain I raise and buy as much more and I have found the profits more when grain is high than when low, as there are fewer in the game. I can see no reason at the present time why this year should be any different from others. While corn is high when compared to the finished product or other foodstuffs it is no higher than they are. We are living in an era of higher prices for everything and I think where a person has made a success of feeding in former years he will not make a mistake this year, provided he has the corn or can buy it. F. W. 41, Whiteside Co., Ill., in The Farmers' Review, Chicago.

at Centenary M. E. Church, East State St.

Music's re-creation! A reproduction of the human voice from the phonograph which the ear cannot distinguish from the living voice! Has Mr. Edison accomplished this miracle, at last? Come—hear this astonishing test—and judge.

Miss Helen Clark, the popular concert contralto, at Mr. Edison's request, will offer you the only evidence by which you can really judge. She will sing side by side with Mr. Edison's re-creation of her voice! See if you can tell, without watching the motion of Miss Clark's lips, which is the living voice and which the recreation

What Is Your Judgment?

Mr. Edison insists upon this unique and daring test. For it tells more than the most vivid words can express. Its convincing frankness sweeps away all doubt. Mr. Edison wants your true judgment of his new musical art. He wants the judgment of every music lover. Has he re-created music? Has he eliminated all mechanical blemish? Has he preserved the living tones in all their reality?

He puts the original and his re-creation before you—side by side. He hides nothing. Asks no allowances. He dares to make the vital test that no one else but he has ever ventured. And he asks you to decide.

BURLINGTON HAS HAD PROSPEROUS YEAR.

Report Recently Issued Shows Vast Increase in Revenues Earned.

Total operating revenues of the Chicago, Burlington & Quincy railroad, according to the annual report of the road, just published, amounted to \$102,359,000 in 1916, an increase over the preceding year of \$11,234,000 or 12 per cent. The total operating expenses for the same time were \$61,713,000, showing an increase of only 2 per cent. For maintenance of right-of-way 6 per cent more than last year. For additions and betterments to railway structures and way, the Burlington spent \$4,038,000, compared with \$4,738,000 spent for the same purpose in 1915.

Ton mileage of freight handled during the year by the Burlington showed an increase of 18 per cent over last year, while passenger miles increased 4 per cent. Transportation expense increased only 3 per cent over the preceding year. The handling of 18 percent more freight business and 4 percent more passenger business with an increase of only 3 percent in the transportation cost of doing this business, on a road where the room for improvement is relatively small, is one of the noteworthy facts in connection with the report of the Burlington.

The wages of train engineers on the Burlington increased by \$251,000 during the year and the largest proportionate increases in transportation expenses were in the wages of yard engineers and wages of yard conductors and brakemen.

Improvements during the year on the Burlington include the completion of 34 miles of double track on the Beardstown and LaCrosse divisions, with 51 additional miles under construction. The C. B. & Q. bridge across the Missouri river at Kansas City is nearing completion and will be finished in 1917. The bridge is being replaced. A locomotive repair and machine shop, with necessary power house is being built at West Burlington, Iowa, and will be ready for use by June, 1917, involving an expenditure of \$1,500,000. Work has commenced on the elevation of the company's tracks thru the city of Aurora, following action taken by the city compelling the company to make the change. The work will necessitate the purchase of a large amount of property and will require an expenditure of \$3,250,000.

MEREDOSIA

Miss Alma Simons of Mt. Sterling visited Saturday night with her sister, Mrs. Wm. Schmitt.

Mrs. J. E. Hall and children Dorothy and Robert arrived home Friday from a three days visit with relatives in Jacksonville.

Miss Gladys Sargent of Jacksonville visited Sunday and Monday with Miss Beth James.

J. A. Hilderbrand arrived home Saturday from Quincy.

Miss Nettie Weghoff departed Monday for Granite City to visit her sister, Mrs. Fred Jerden.

S. P. Bartlett of Quincy was a business visitor here Saturday.

Steven McIntosh of Chambersburg was the guest Friday of Harold McLain.

Harold Rice returned to Clayton Monday after spending Sunday here.

Miss Ruth Kilpatrick of Bluffs was the guest Saturday of Miss Ethel Butcher.

Mrs. Wm. Crump of Farmington visited from Thursday until Monday with her sister, Mrs. Wm. Summers who accompanied her as far as Jacksonville on her return home.

J. Chester Colton of Nortonville spent Sunday here with Miss Ina Gibson.

Ed Gaddis of Springfield spent Sunday with his family here.

The Welfare Street Fair association entertainment given by the school at the town hall Friday evening was a decided success socially and financially. The hall had tents along the sides with the different attractions which afforded the crowd amusement for the evening. Above the hall in the Odd Fellows hall an orchestra furnished some splendid music thruout the evening. The receipts of the evening were something near \$45 which will be applied on playground equipment.

Miss Gweneth Chenoweth spent Saturday and Sunday with home folks in Versailles.

Omer Doyle of Bluffs visited his wife and daughters Helen and June here Sunday.

Mr. Henry Alhorn went to Jacksonville Monday and was accompanied home in the afternoon by his wife who has been a patient at Passavant hospital in that city for several weeks.

Chester Tankersley and wife who have been living on a farm north of here loaded a car Monday with their household goods and farming implements preparatory to locating on a farm near Manchester.

Christian Advocate: "Our church at Waynesville has had a four weeks' revival in which the pastor, S. A. McIntosh, was ably assisted by Miss Eva Ludgate and her sister, Miss Florence Orvis of Wheaton. A number were converted and added to the church. Twenty-seven were received into the church the closing night, November 5, and four or five converted the last night. A splendidly organized choir is also the result of the meetings. November 12, the first Sunday after the close of the revival, the pastor received eight new members into the church in addition to the others mentioned, and baptized twenty-four. The finances are provided for also the benevolences." Rev. McIntosh was the former pastor of the Methodist church here and has a host of warm friends in this city who rejoice to hear of his success in his new field of labor. He has also superintended the building of a new church in the above city.

A party was given Miss Mary Butcher at her home Friday evening Nov. 24 in honor of her eighteenth birthday. The evening was spent in various games of amusements at the close of which all were invited into the dining room and requested to be seated at a table beautifully decorated

YOU CAN BEGIN WITH THE LARGEST PAYMENT FIRST AND DECREASE YOUR PAYMENTS EACH WEEK.

The Reasons for the Club

To provide a way for those of moderate and even small means to bank their money.

To teach "the saving habit" to those who have never learned it.

It makes your pennies, nickels and dimes, often foolishly spent, grow into dollars; dollars grow into a fortune. Start your fortune today.

To give you a Bank connection and show you how our Bank can be of service to you.

FOR OLD AND YOUNG

The sensible thing for all parents to do is to join our Christmas Banking Club and also put every member of their family into it. This will teach them the value of money and how to bank and HAVE MONEY. Maybe this little start you give them now may some day set them up in business or buy them a home.

How often you wished that your parents had taught you early the value of banking your money. You would be well-off today. Don't make the same mistake with YOUR children.

Thanksgiving services will be observed at the Lutheran church Thursday evening at 7:30. Rev. T. L. Hancock will deliver the sermon. Marvin Hill who lives with his grandparents Mr. and Mrs. Eli Harshman was taken with scarlet fever Monday. The disease is in a light form.

CONCORD

Mrs. Eliza Skinner of Virden, but formerly of Jacksonville, was in Concord recently and called on her long time friend, Mrs. Eliza Roberts.

The reaper came with the summons Sunday evening for one of Concord's best beloved citizens and took with him Mrs. Kathryn Rexroat, wife of Louis Rexroat, whose going means an irreparable loss to the family, the church and the community. She had been seriously ill for some time, but the latest reports had been

more favorable and her passing away was a shock to every one, as everybody hoped for her recovery. Words are inadequate to express the many noble and self-sacrificing traits of character of this dear woman, and no one could in any way associate with her without being benighted by her beautiful, optimistic spirit and genuine zeal for the Master, whom she made Supreme Ruler and Guide in here everyday life. The funeral will be held from the M. P. church Wednesday at 1 p. m.

Mr. and Mrs. James Silcox left last Monday for their home in Uplands, Calif., after quite a visit with their son, James.

Mr. and Mrs. C. J. Sanders are quite ill at their home, north of Concord, but were a little better Sunday.

O. T. Ham went to St. Louis Sunday with stock for Alva Rexroat.

Wm. Diggins has moved into Henry Williamson's house, and is to have a sale, and quit farming, the 28th of November.

Mr. and Mrs. John Nordsick and daughter, Melba, visited in Beardstown over Sunday.

Edwin Dietrich is improving slowly at his home, south of town, where he has an attack of scarlet fever, the family being quarantined and every precaution taken against infection, and all hope for a speedy recovery and no further trouble from this dread malady.

Robert Diggins is improving, after quite a serious indisposition, to the gratification of his many friends.

Mildred Zahn, daughter of Mr. and Mrs. Wm. Zahn, is recovering from an attack of bronchial pneumonia.

Messadams Roy Crouse and B. A. Cratz attended grand lodge last week in Springfield. Mrs. Crouse went as delegate from Rebekah lodge No. 49. They report a splendid time.

Aura Valentine attended grand lodge from the I. O. O. F. and was quite enthusiastic over the entertainment accorded the visiting brethren.

BIG FIRE AT MENDON.

QUINCY, Ill., Nov. 28.—Apparatus from the local fire department was rushed to Mendon, 14 miles north of here, on a special train, early today to help combat a conflagration which threatened to completely wipe out the town. Five buildings have been burned with an estimated loss of \$35,000.

EAT BIG MEALS! NO
SOUR ACID STOMACH
INDIGESTION OR GAS

"Pape's Diapepsin" is Quickest, Sur-
est Stomach Relief Known
—Try It!

Time H! Pape's Diapepsin will di-
gest anything you eat and overcome
a sour, gassy or out-of-order stom-
ach surely within five minutes.

If your meals don't fit comfort-
ably, or what you eat lies like a lump
of lead in your stomach, or if you
have heartburn, that is a sign of in-
digestion.

Get from your pharmacist a fifty-
cent case of Pape's Diapepsin and
take a dose just as soon as you can.
There will be no sour risings, no belch-
ing of undigested food mixed
with acid, no stomach gas or heart-
burn, fullness or heavy feeling in
the stomach, nauseating, debilitating
headaches, dizziness or intestinal
griping. This will all go, and besides,
there will be no sour food left over
in the stomach to poison your breath
with nauseous odors.

Pape's Diapepsin is a certain cure
for out-of-order stomachs, because it
takes hold of your food and digests it.
It just the same as if your stomach
wasn't there.

Relief in five minutes from all
stomach misery is waiting for you at
any drug store.

These large fifty-cent cases con-
tain enough "Pape's Diapepsin" to
keep the entire family free from
stomach disorders and indigestion
for many months. It belongs in your
home—Adv.

WHEAT UNDERGOES EXCITING BREAKS.

Railroad Embargoes and Marine
Perils Lead to a Semi-Panic.

Chicago, Nov. 28.—Railroad em-
bargoes and marine perils that
threatened to bring shipments of
grain to a standstill led today to a
semi-panic in the wheat market. Ex-
citing breaks in the wheat market. Ex-
citing breaks in the wheat market. Ex-
citing breaks in the wheat market.

Chicago, Nov. 28.—The attitude
of the federal reserve board respect-
ing the further free acceptance by
national banks of foreign securities
based upon war emergencies was the
all-prevailing subject of discussion in
financial circles today. Various in-
terpretations were placed upon this
important act and speculative senti-
ment was distinctly depressed. One
of the direct results was observed in
the lower trend of international
loans floated in this country since
the outbreak of the war. Virtually
all issues of that description were
heavy, Paris declining 1 1/2 points to
the low record of 96 1/2.

WEST LIBERTY SCHOOL BUILDING A MODEL

Plans for Structure Were Secured From State Superintendent by the Directors—Miss Richards Is the Teacher This Year.

Most readers of the Journal will recall the fact that the West Liberty school building, district No. 83, was destroyed by fire a few years ago, so when the matter of rebuilding came up, the directors, Messrs. Allison, Thomason, John Boddy and A. E. Sawtell, decided to have something in which the whole district could take an honest pride. Accordingly they secured from the state superintendent of schools plans and specifications for a strictly modern and up-to-date structure, and then went to work to get a building put up in accordance with the designs furnished them and the result is a schoolhouse which is regarded with no small degree of satisfaction by all in the district.

It has a vestibule at the entrance, a cloak room for the boys, another for the girls and a corner set apart for a library. The windows are arranged for the best effect, the seats are the best, the heating plant all right, while the basement is concreted, furnishing room for exercise by the children when the weather is inclement. The playground is of ample size and the pupils can see the Wabash trains while they are out of doors. The room is supplied with some maps and good furniture.

Now the Journal reporter has everywhere been politely treated when visiting Morgan county schools this fall and has no complaint of any, but he will admit that for downright attentive politeness the young people of the West Liberty school most certainly did show that they had been well raised. The visitor arrived a trifle before school began so he had a pretty good opportunity to see what the pupils would do and they surely did act in a manner worthy of emulation and this is said without the slightest reflection on the pupils of any other school.

Miss Margaret E. Richards, the teacher, was very courteous to the visitor and invited him to be at home which was entirely easy for him as he is well acquainted in that vicinity.

Before beginning to tell of the foreign land which was to be the subject he remarked that he did very much like to have the pupils of schools he addressed ask questions at the close of the talk and he warned that up to that date the Point young people manifested much interest in all that was said and at the close an honest report would have to give them the prize for the greatest number of questions, though the Point was a close second.

The whole visit was very pleasant and the caller said goodbye with regret.

The pupils are:
Boys—Ellsworth Marshall, Paul Watt, Ball Fitzsimmons, Curtis Barfield, George Marion, Oran Fitzsimmons, Rothsy York, Vincent Davidson, Roy Watt, Leland Perbix, Raymond Davidson Frank Wolfe.

Girls—Vivian York, Ruth Thies, Louise Tobin, Marie Tobin, Eva Barfield, Helen Fitzsimmons, Grace Boddy, Jennie Worrell, Elsie York, Jessie Thies, Phoebe Boddy.

Perfection SMOKELESS OIL HEATERS

NEVER smoke—a patented lock flame-spreader automatically prevents the flame from creeping up.

There is no odor—the drum of this heater acts the same as the "Long Blue Chimney"—no dust, no ashes.

Regulator on top of drum sends heat straight up or outward into the room as desired.

Window in front makes it easy to see and regulate flame—no easy-to-break mica in window but substantial fine brass gauze.

The Perfection Smokeless Oil Heater is simple to re-wick; besides a wick with reasonable care lasts a season.

Holds one gallon of kerosene. Indicator shows how much is in the reservoir.

Any good kerosene will give satisfaction, but for best results use Perfection Oil.

Perfection Smokeless Heater is 25 inches high and 12 inches in diameter, finished in polished steel or blue enamel, with trimmings of black Japan or nickel.

Price varies from \$1.00 to \$1.25, according to finish. Look for the triangle trade mark.

Sold by all reliable dealers.
